

THE CITY DIRECTORY.

Work Progressing Nicely—Will be Before the Public in Thirty Days.

James E. Burtz, compiler of the Gainesville City Directory, is working steadily and is making good progress in the matter of securing the necessary information in the matter of compiling the book. The job is a slow and tedious one, however, as a great many discrepancies in one way or another are being encountered.

The compiler hopes to complete the work by the end of the month, when the copy will be turned into the hands of the printers. Any information the public may give to the compiler will be appreciated.

The issue of the directory will not be less than two hundred, and the work will run about 110 pages. It will be handsomely and durably bound in cloth, and will serve as a complete volume of general information to the public. It will be identical with directories of the larger cities, and no information regarding the city or its affairs will be omitted. The book will contain the names of all residents over the age of eighteen years, together with their occupation, street number, etc., which will make the work invaluable to the public. It will also contain a complete classified business directory, and a directory of the churches, schools and societies.

The size of the page will be six by nine inches, which will admit the matter to be set in type sufficiently large to read without the aid of glasses.

Card of Thanks.

I feel flattered that my ninth consecutive election for city tax collector should result in leading the ticket, and to show my appreciation I propose to secure a new badge. "Pay Your Taxes." Thanking my friends and the voters generally, T. B. ELLIS.

Cheated Death.

Kidney trouble often ends fatally, but by choosing the right medicine E. H. Wolfe of Bear Grove, Iowa, cheated death. He says: "Two years ago I had kidney trouble, which caused me great pain, suffering and anxiety, but I took Electric Bitters, which effected a complete cure. I have also found them of great benefit in general debility and nerve trouble, and keep them constantly on hand, since, as I find they have no equal." All druggists guarantee them at 50c.

HER SINFUL LIFE.

She Neglected Ailments Which Seemed Trivial and Became a Bedridden Invalid—A Burden to Herself and Her Friends.

Marvelous Power of G. F. P.

Mrs. Mary Scott-Casten, whose work for women has made her name famous throughout America, says:

"The woman who neglects female troubles of any kind sins against God and man. When I was younger I was a victim of prolapsus and ovarian troubles, and because I was ashamed to call a doctor let matters go from bad to worse until I was a bedridden invalid, a burden to myself and my friends.

"I then called a doctor, and all in the world he did for me was to tell me to get a bottle of G. F. P. (Gerstle's Female Panacea).

"It cured me. In an hour I felt new life and strength, and in a fortnight I was as well as I am today."

G. F. P. (Gerstle's Female Panacea) is a strictly vegetable remedy of marvelous power for the cure of female disorders, such as leucorrhoea, prolapsus (falling of the womb), ovarian difficulties, and painful, suppressed or irregular menstruation.

It is the only recognized remedy which is sold under an iron-clad money-back guarantee. Buy a bottle from the nearest druggist. Use it to the last drop, and if you can conscientiously say you have not been benefited take the empty bottle to the man who sold G. F. P. to you, and he will return your money.

If your druggist cannot supply you send direct to us and we will ship prepaid on receipt of price. The Gerstle Medicine Co., Chattanooga, Tenn.

MRS. J. A. AMMONS

The Cause of Many

Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

THE BEAN MOVEMENT.

Shipments from Webster and Center Hill Will Be Heavy in a Few Days.

C. S. Robertson, traveling solicitor for the Armour Car Lines, has returned from Center Hill, Webster and other points, where he has been in the interest of his lines.

Mr. Robertson states that, while the sections visited are badly in need of rain, the vegetable crops are maturing nicely, and within a short time will be moving heavily. This is especially true of snap beans, the first solid carload of which were shipped Wednesday. The bean average is especially large in the Webster and Center Hill districts, and the growers expect to realize a big thing financially.

The car shipped on Wednesday was the first of the season. It was consigned to New York, and contained some of the finest beans ever seen in the section, which is noted for its fertility.

Mr. Robertson states that there are few melons in the territory visited, but the vegetable acreage is large, and the prospects are that the growers will reap good benefits.

Sun Advertising Pays.

"When it comes to profitable advertising, I can safely say that The Sun is the medium," remarked J. Starr Sternberger of the firm of Sternberger & Phillips, contractors in papering, painting and decorating, Thursday. "We placed an ad. in The Sunday Sun for a young man desiring to learn the papering and painting business, to do office work at the beginning, and bless my soul if we didn't have seventeen applications on Monday. Whoever says advertising in The Sun don't pay don't know what he is talking about, if all have the same result as our advertising."

Mr. Sternberger, who has charge of the Gainesville store, is a firm believer in advertising, with the result that he prospers. The first point in opening business here was the making of an advertising contract with The Sun. He came in the face of opposition and plenty of it. He started with two painters, but business was good from the beginning, with the result that he has today eleven first-class paper hangers and painters, and they are all busy.

"I am going to be frank," remarked Mr. Sternberger. "I want to say that The Sun is the best newspaper advertising medium I have ever patronized, for I see direct results every day."

The Sun is glad to note the prosperity of Sternberger & Phillips, for they are progressive young men, are competent in their line, and deserve success.

A Dandy for Burns.

Dr. Bergin, Paoli, Ill., writes: "I have used Ballard's Snow Liniment; always recommend it to my friends, as I am confident there is no better made. 'It is a dandy for burns.' Those who live on farms are especially liable to many accidental cuts, burns, bruises, which heal rapidly when Ballard's Snow Liniment is applied. It should always be kept in the house for cases of emergency." 25c, 50c, \$1.00 bottle. Sold by W. M. Johnson.

Father and Son Are Shot.

Dadeville, Ala., April 14.—Reports have reached here of a shooting affray which occurred 20 miles from here near Tallahassee. James Weldon and son, Reed, were shot by Dalphus Golden and both are fatally wounded. Older Weldon is shot in the back and his son in the side, the weapons used being a shotgun. The Weldons were unarmed. Deputies have been sent to arrest Golden. It is said the shooting was the result of difficulties of long standing.

Wealthy Spaniard Dies.

Las Vegas, N. M., April 14.—Jose Buia, of Truxillo, Honduras, a Spanish nobleman, who, for 25 years has been chief consul for Spain in Spanish Honduras, is dead from the effect of a hemorrhage of the brain. He was 65 years old. The consul came here last July in poor health. He was considered the wealthiest export of Honduras.

Lady Curzon Offers Aid.

Simla, India, April 14.—Lady Curzon has invited all the Europeans and Indians injured during the recent earthquake who are able to be moved to come to the Walker and Ripon hospitals at Simla. The invitation was sent with the intimation that the American vicereine will gladly defray the expenses.

Ballard's Horehound Syrup

Immediately relieves hoarse, croupy cough, oppressed, rattling, rasping and difficult breathing. Henry C. Stearns, Druggist, Shullsburg, Wis., writes May 20, 1901: "I have been selling Ballard's Horehound Syrup for two years, and have never had a preparation that has given better satisfaction. I notice that when I sell a bottle they come back for more. I can honestly recommend it." 25c, 50c, \$1.00. Sold by W. M. Johnson.

Noted Author Passes Away.

New York, April 14.—Colonel Nicholas Pike, an author of a "Life of George Washington" and scientist, is dead of paralysis. He was 87 years old. For many years he served as consul on the Island of Mauritius and later was consul general to Portugal. In his travels Colonel Pike made a notable collection of flora and fauna and turned his Brooklyn home into a veritable museum. He was a relative of Captain Pike, after whom Pike's peak was named.

How Is Your Heart?

Is your pulse weak, too slow, too fast, or does it skip a beat?

Do you have shortness of breath, weak or hungry spells, fainting, smothering or choking spells, palpitation, fluttering, pains around the heart, in side and shoulder; or hurt when lying on left side?

If you have any of these symptoms your heart is weak or diseased, and cannot get better without assistance.

Dr. Miles' Heart Cure strengthens weak hearts, and rarely ever fails to cure heart disease. Try it, and see how quickly you will find relief.

"About January 1st, 1902, I took down with weakness and droopy, and gradually grew worse. I was told by my family physician that my case was hopeless. My neighbors and family had given me up to die. My limbs and body were swollen to one-third larger than normal size, and water had collected around my heart. For at least three months I had to sit propped up in bed to keep from smothering. I sent for five bottles of Dr. Miles' Heart Cure, and by the time I had taken them all I was entirely cured. I feel better than I have for twenty years, and I am able to do any kind of work on my farm. My attending physician told me that if it hadn't been for Dr. Miles' Heart Cure I would now be in my grave."

L. T. CURRIE, Wilmore, Ky.

Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.

Miles Medical Co., Elkhart, Ind.
